

# Woodturning

## Sally Ault

### October 17-23, 2021

#### **COURSE DESCRIPTION**

In this workshop we will explore all sorts of turned lidded containers. We will work on design, texture and embellishment in addition to learning or fine-tuning the tricks for getting the proper lid fit for each type container. Getting a clean efficient cut with a variety of turning tools will be emphasized. Being creative and having fun will be the key to this workshop. There will be something for every level of turner but basic turning skills are important.

#### **MATERIALS LIST**

- Any favorite turning tools or tools you are having trouble using or sharpening
- Anything fun or strange that you might like to incorporate into a lid or use as a finial or knob.
- Any special pieces of dry wood you want to use to make a lidded container (please see note about bringing your own wood below)
- A micromotor or dremel and burrs...if you have one...Arrowmont has some available with a limited burr selection.
- A "OUI" yogurt jar or two...washed with label removed
- \*sandpaper, standard sizes
- \*Flash drive (to protect and save data to and from Library computers)
- \*Padlock for your studio locker, if desired (For rent in the Supply Store for the week)

***All Items marked with an "\*" are available for purchase in the Supply Store***

#### **COVID-19 UPDATE**

In accordance to Arrowmont's COVID-19 policies, Arrowmont recommends that all students bring multiple face coverings in accordance to the CDC guidelines (2-ply, cloth face covering). Along with additional masks, students should consider bringing additional PPE that they may need personally, including but not limited to hand sanitizers and gloves. When asked to bring a respirator or N95 for class, please consider the best option for the supply in your area with health care workers in mind.

In addition to the new operating policies due to COVID-19, Arrowmont is providing additional information to students about materials and tools that will be provided in classrooms. If a student already owns the below items and can travel with them, the student can choose to bring these additional items. Arrowmont will provide these items to students but wants to ensure that all students feel comfortable while on campus as some of these items will be shared amongst a class and are not guaranteed to be one per student.

#### **SUPPLIES**

- Safety glasses/face shield
- Woodturning smock
- Ear protection/ear plugs
- CA glue (thin/medium)
- *Please see highlighted above*

If a student chooses to mail tools and supplies to Arrowmont prior to the class, the packages will be placed in the student's classroom.

Please label packages clearly, including student's name and class week.  
Students can mail packages to:

Arrowmont  
C/O Student Name and Class Week  
556 Parkway  
Gatlinburg, TN 37738

**MATERIALS FEES: \$75.00-\$100.00**

**Materials fees** will be charged for materials used in the studio and/or provided by instructors for use in the studio by the entire class. In order to keep these fees as low as possible, fees are assessed on an individual class basis and may vary from class to class depending on the amount of materials used and the number of students in the class. Materials fees are paid on the last day of class.

**Please be advised that above course description and materials list is written and approved by the instructor**

The woodturning lab is one of the most advanced wood turning studios in the country. We are proud to have quality lathes for your use. The types of lathes are Powermatic, Robust, Robust sit-down lathe, Vicmarc and Jet mini lathes. The spindle size for all the large lathes are 1 1/4 x 8 tpi. All the lathes come equipped with an Oneway Stronghold chuck, drive centers, cup centers, step centers, live centers, and other basic and essential items. The woodturning lab is not equipped with extra lathe accessories. You may wish to bring your own, whichever you choose is fine.

\*\*The wood studio provides wood for each class as requested by the instructor. Our wood supply is of local indigenous woods. If you have access to wood in your area, and would like to bring your own to use or share with fellow classmates, please familiarize yourself with laws and regulations in bringing wood across state lines before doing so. The U.S. Department of Agriculture (USDA) has requirements in place to help protect the environment locally and nationally that are regulated on federal and/or state levels. Please do not bring Cocobollo since some people are highly sensitive to it.\*\*

If you have any questions concerning the wood studio or tools, please feel free to email Heather Ashworth, wood studio technician, at [hashworth@arrowmont.org](mailto:hashworth@arrowmont.org).

If you have any additional questions about this class, below is the contact info for your instructor:
