

ARROWMONT

school of arts and crafts

2016 – 2017 ANNUAL REPORT

"Arrowmont is important to the history and to the future of Craft. The experiences, information, and people I have met at Arrowmont have been instrumental in crafting my career in the arts. I want to help ensure that its history is preserved and those opportunities are available to the next generations of artists."

— CRAIG NUTT, WOOD ARTIST AND ARROWMONT BOARD MEMBER

MESSAGE FROM THE DIRECTOR

In composing a message for this 2016–2017 Annual Report, I reflected on a period of time that seems in some ways to be in the distant past. It is obvious why the 2016 wildfires come to mind as a defining event, a frightening time that brought loss and pain to the community in which Arrowmont is located — and the loss of buildings on our campus. But that event, tragic though it was, does not define 2016. Rather the response to that challenge reflects the true spirit of Arrowmont. In speaking of that event, I have found myself using the phrase, “You prepare for the extraordinary in the ordinary.” For Arrowmont School of Arts and Crafts, that meant letting our core values guide our response. A commitment to our mission and our financial stability enabled us to continue to be positive and play a role in the recovery of our community. 2016 was a very positive year for Arrowmont. This was a year of continued growth in enrollment and income. We have continued that progress in 2017 with increased enrollment and expanded services, built on the foundation established through the work and contributions of our community.

We were able to be a resource for our local community because we have the support of the larger Arrowmont community — those who teach, learn, create and give generously to the school. At the lowest time, with the fires descending on the campus, the outpouring of concern, support — yes, love — had already begun with text messages and calls and posts on social media. That encouragement continues as we move Arrowmont forward. It has been made clear to me and the staff that what we do is meaningful and appreciated.

I continue to be inspired by the creativity that lives here through the work of our instructors, our students, our staff, and our board members. This place exists because of the many friends of Arrowmont who share our belief in the power of art experiences to transform lives, and who believe that changes in individual lives lead to positive changes in our culture. The world needs what we provide more than ever.

My sincere thanks for your continued interest and support,

A handwritten signature in black ink that reads "Bill May". The signature is fluid and cursive, with a large, stylized initial 'B'.

Bill May
Executive Director

MESSAGE FROM THE PRESIDENT OF THE BOARD

“When I first learned of Arrowmont, some 20 years ago, it meant little more to me than simply being an arts and crafts school where I might someday take a woodturning class. But with a little time, I learned it was a lot more. In fact, it was and is a place for life changing experiences. Not only would it have an impact on my life, but it can change so many lives and in a relatively short time — sometimes as little as a week, one workshop time period.

This realization is when I became a donor. It became obvious that by establishing a scholarship fund, I could help Arrowmont help others. A few years after that, I was asked by the then Pi Phi Arrowmont board President to do a little consulting for the board. Not long after that I was asked to join the board. I jumped on the opportunity as I believed that I could again help Arrowmont to do even more to help change lives.

Though I had not had an interest in becoming the board president, when I was asked, I realized that this was the time to make this last full commitment to the school. In this role, I hope to assist Arrowmont in not only stabilizing its future, but to help ensure that the life changing experiences we can affect will be broader and even more inclusive.”

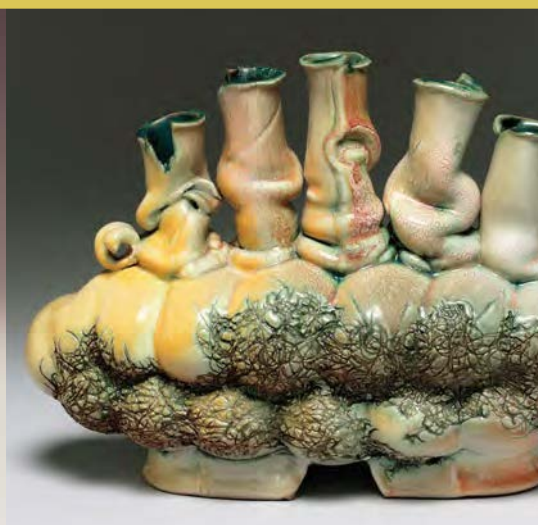

A handwritten signature in black ink that reads "Steven C. Gottlieb". The signature is fluid and cursive, with the first and last names being more prominent.

Dr. Steve Gottlieb, Wood Artist
Arrowmont Board President, 2016-2017

"I love Arrowmont School of Arts and Crafts. I started taking classes about 20 years ago, and it has changed my life. Not only have I learned a craft, I have made lifelong friends. I have laughed and let go of my "real world" stresses; I have relaxed among like-minded peers. I always breathe a sigh of relief when I drive onto Campus!"

"I always stay in Teachers Cottage and love the old house on the hill with the porch overlooking the campus and its beautiful rustic furniture. I found the people to be the friendliest. Your location enables people to come from the most diverse directions. We all share a passion for the arts and a thirst to learn more. Today is the first day of retirement after teaching art for 34 years in a rural school. Your school allowed me to grow as an artist and teacher and enrich my art program beyond anyone's expectation. It is a place where I experienced inspiring teachers so I knew what kind of teacher I wanted to be for my students." — WENDY WEYANT
